MetaBirkins

MetaBirkins is a collection of 100 unique NFTs created with faux fur in a range contemporary color and graphic executions.

Creator Mason Rothschild began working on MetaBirkins shortly after the success of Baby Birkin, a one-of-one, NFT covered by Forbes and Vogue that sold at auction for 5.5 ETH. In response to the community demand, Rothschild developed a new series, this time inspired by the acceleration of fashion's "fur free" initiatives and embrace of alternative textiles.

MetaBirkins is now available for purchase on LooksRare.
